Community Health

Diabetic Lunch & Talking Circle

In lieu of our monthly diabetic luncheon, the CTSI Portland Area Office invites you to join us for our annual Picnic-Potluck BBQ, at Mt. Scott Park on August 24th at 11:30 AM.

This is the perfect opportunity for our community to come together and enjoy the beautiful summer. All tribal members are welcome! Turn to page (1) for more details.

August is Eye Health and Safety Month

There are steps you can take to avoid eye problems associated with Diabetes.

First and foremost keep your blood sugars under control at all times.

Second: bring high blood pressure under control. High blood pressure can make eye

problems worse.

Third: quit smoking!

Fourth: see your eye care professional at least once a year for a dilated eye exam. This allows the specialist to see the inside of your eyes more easily. Having your regular doctor look at your eyes is not enough. Nor is having your eyeglass prescription tested by an optician health care professional who dispenses glasses and lenses. An optometrist and ophthalmologist can treat retinopathy.

Fifth: see your eye care professional if;

- Your vision becomes blurry
- You have trouble reading signs or books
- You see double
- One or both of your eyes hurt
- Your eyes get red and stay that way
- You feel pressure in your eyes
- You see spots or floaters
- Straight lines do not look straight
- You can't see things at the side as you used to

So be good to your eyes and take care of your diabetes each day.

Exercise Program

Diabetes Fitness memberships slots are still available

With our updated Diabetes Grant the PAO has 6 additional Fitness Membership slots available to tribal members with Diabetes or at risk for Diabetes. Call for an appointment to fill out the application and apply for a slot. First come first serve. Call Verdene at 503-238-1512 for an application.
