The CARE Program offers confidential, safe and culturally appropriate education and advocacy services to Native American victims of domestic violence, sexual assault, dating violence and stalking, as well as victims associated with Native families, such as a non-native spouse.

An advocate is available to provide assistance to access services, including personal protective orders, shelter or housing, Tribal program information and other program resources.

Two Spirit TALKING CIRCLE
CREATING A SAFE SPACE FOR AMERICAN INDIAN LESBIAN, GAY, BISEXUAL, TRANSGENDERED, QUEER, TWO SPIRIT PERSONS, THEIR FAMILIES AND FRIENDS

**Join us Wednesday
Nov 9th at 5:00 pm
Salem Area Office**

Every month, the Siletz Tribal Change Team hosts a community talking circle for the American Indian Lesbian, Gay, Bisexual, Transgendered, Queer (LGBTQ), Two-Spirit community and its allies. The goal of the Talking Circle is to create a safe and confidential space for the community to discuss the struggles, triumphs and concerns of the LGBTQ Two-Spirit Community. This is also a place for friends and family to receive advice, support, and education as they continue their journey as an ally.

The Siletz Tribal Change Team works to improve the services utilized by the LGBTQ and Two-Spirit community. The team works to create awareness, provide education/resources and change the culture of the Native community to be more accepting of its LGBTQ and Two-Spirit individuals.

The Issue

A staggering one in three women have experienced physical or sexual violence in their lifetime—a pandemic of global proportions. Unlike an illness, however, perpetrators and even entire societies choose to commit violence—and can choose to stop. Violence is not inevitable. It can be prevented. But it's not as straightforward as eradicating a virus. There is no vaccine, medication or cure. And there is no one single reason for why it happens.

As such, prevention strategies should be holistic, with multiple interventions undertaken in parallel in order to have long-lasting and permanent effects. Many sectors, actors and stakeholders need to be engaged. More evidence is emerging on what interventions work to prevent violence—from community mobilization to change social norms, to comprehensive school interventions targeting staff and pupils, to economic empowerment and income supplements coupled with gender equality training.

Starting this year, the Sustainable Development Goals, a set of 17 global goals that applies to all countries, will begin to guide global policy and action. These goals include gender equality and women's empowerment as a key priority and includes specific targets to end violence against women and girls.

In 2016, the UNiTE Campaign will continue to mark 25th of every month as "Orange Day," a day to raise awareness and take action to end violence against women and girls. Orange Days will highlight specific Sustainable Development Goals as they relate to violence against women and girls.

Take a challenge and watch a flashmob that was also organized by UN Women and the European Union in the capital's main *Plaza de Armas* square, with more than 60 representatives of women's organizations joining in. Look for: <https://youtu.be/MPEOKrN0Vr8>
The message is clear even with a language barrier.

Halloween is one of the most exciting times of the year for children, but sometimes hectic for parents and guardians. This Halloween, take a moment to consider basic safety precautions to help make your children's Halloween a safer night of fun.

Monday – Friday

8:00am – 4:30pm

Before Halloween

- Choose bright costumes, and have children carry flashlights or glow sticks so they are easily visible. (Hint – Try adding reflective tape to costumes and candy bags!)
- Plan a trick-or-treating route in familiar neighborhoods with well-lit streets.
- Make sure children know your cellphone number, their home telephone number, and address in case you get separated. Consider giving them a cellphone so they can reach you easily.
- Teach children how to call 911 in an emergency.
- Teach children to say “NO!” in a loud voice if someone tries to get them to go somewhere, accept anything other than a treat, or leave with them. Tell them to try everything they can to escape, including yelling, hitting, and kicking.

On Halloween

- Make sure older children take friends and stay together while trick-or-treating.
- Never send younger children out alone – they should be with a parent, guardian, or another trusted adult.
- Always walk younger children to the door to receive treats.
- Don't let children enter a home unless you are with them.
- Be sure children do not approach any vehicle, occupied or not, unless you are with them.

HAPPY
HALLOWEEN!

No Bake Pumpkin Oatmeal Energy Bites

Author: Melissa Griffiths
Prep time: 5 mins Total time: 5 mins
Makes: 20

Quick healthy pumpkin oatmeal energy bites that taste like cookies but are good for you!

Ingredients

- 1½ to 2 cups dry, uncooked oatmeal
- ½ cup all-natural peanut butter or other nut or sun butter
- ½ cup pumpkin puree
- ¼ cup chia seeds
- ¼ cup quality honey
- 1 teaspoon vanilla extract
- ½ teaspoon cinnamon or pumpkin pie spice
- ½ cup mini dark chocolate chips

Instructions

1. In a medium bowl add 1 and ½ cups oats, peanut butter, pumpkin, chia seeds, honey, vanilla, and cinnamon. Stir to combine well. You want the mixture to be soft but not too sticky. If you pick up a generous spoonful, you should be able to roll it into a ball and only make a minimal mess (it should stick together when rolled but still feel tacky on your hands). Depending on the type of oats you used (old-fashioned or quick oats), you may need to add up to a half cup more oats and stir until you reach the desired consistency. Again, it's ok if it's a little sticky because the oats will absorb some of the moisture after a little time passes, but unworkable sticky isn't the goal.
2. When the mixture is workable, add the chocolate chips and stir to combine. Scoop a large spoonful into your hand and roll into balls. Repeat with remaining dough. Keep these in the fridge for up to a week, or in the freezer for much longer.

HIGHER EDUCATION/ADULT VOCATIONAL TRAINING PROGRAM

The Tribal Higher Education Program operates on a one-time per year application deadline. The next funding cycle is for Fall Term 2017 and the deadline is June 30, 2017. **To be eligible to receive Tribal Education Funding you will have to complete your FAFSA by January 31, 2017.**

2 Major FAFSA® Changes You Need to Be Aware Of

There are two exciting changes coming to the *Free Application for Federal Student Aid* (FAFSA®) process this year.

The 2017–18 FAFSA will be available earlier.

You can file your 2017–18 FAFSA as early as Oct. 1, 2016, rather than beginning on Jan. 1, 2017. The earlier submission date will be a permanent change, enabling you to complete and submit a FAFSA as early as October 1 every year.

You'll use earlier income and tax information.

Beginning with the 2017–18 FAFSA, you'll be required to report income and tax info from an earlier tax year. For example, on the 2017–18 FAFSA, you—and your parent(s), as appropriate—will report your 2015 income and tax info, rather than your 2016 income and tax info.

We understand that some families' income may have changed significantly since the 2015 tax year. If this is the case for you, you must complete the FAFSA with the info it asks for (2015). Then, after filing your FAFSA, contact the financial aid office at your school to explain your situation. The school has the ability to assess your situation and make adjustments to your FAFSA.

Getting to know your new Mental health specialist Rachel:
I would like to say 'hello', and tell my new community a bit about myself. I am honored and happy to be working with individuals and families of the Siletz Tribe. My position will entail both connecting our youth with activities such as Adventure Camp and horse therapy, and providing formal counseling.

My Philosophy and Approach
I believe strongly in helping the whole individual, and not treating just symptoms or behaviors. I rely on the core values of growth, family, and community, to guide me in my everyday care. I work from a mindset of Person-Centered Therapy, and employ techniques from other modalities such as Motivational Interviewing and Dialectical Behavior

Therapy as I feel is needed. Whenever possible, I include the individual's family in treatment, as family connections are so important.

My Formal Education and Training

I hold a Master of Science Degree in Mental Health Counseling from Capella University. I studied about child, adolescent and adult development, the group process, mindfulness and the Person-Centered approach. I am a Nationally Certified Counselor in good standing.

November

Our Home Visiting family get together in November is Friday November 4th from 5:00 to 7:00pm at the Salem Area Office. We will be making mini cradle boards. If you have fabric and scissors to bring that would be great. We need to know who is coming in order to have enough wood cut so please let Lori Christy know if you are coming.

Our home visiting program provides parenting and life skills for successful and positive parenting. We serve native families that are either expecting or have infants under the age of twelve months, continuing through the child's third birthday. We travel throughout the 11 county service areas of the Confederated Tribe of Siletz Indians. The model and curriculum we provide is called Family Spirit and was developed by the John Hopkins Center for American Indian Health. We are funded by the Tribal Maternal, Infant, Early Childhood Home Visiting Program (TMIECHV).

Family Spirit is Evidence based and culturally sensitive to native families. Parents gain knowledge and skills for their developing infant through 36 months of age. We also focus on goals and healthy living for parents as a support system for the family as a whole. The program consists of 63 lessons over a 39 month period and is divided into six modules. The modules are broken into these categories: Prenatal care (9 lessons), infant care (16 lessons), your growing child (11 lessons), toddler care (9 lessons), my family and me (6 lessons), and healthy living (12 lessons). While this may seem like a big commitment the lessons vary from 30 minutes to 90 minutes and some can be combined together as we work with your schedule. Family Spirit suggests we deliver at least 32 lessons to our families in order for families to benefit from the evidence based curriculum. For the full benefits of the program we would like to provide all 63 to our families. As a thank you for participating in our program we offer some incentives which we will be happy to share with you upon enrollment in our program.

During your participation if you feel like the timeline of lessons is too often we can adjust the home visits to accommodate your schedule while still keeping the program's timeline in mind. We are a voluntary program that delivers home visits in the comfort of the homes of our families. If you would like to get more information and or meet our home visiting staff we would love to schedule a home visit to give you a full overview of the program.

ALL TRIBAL OFFICES WILL BE CLOSED ON NOV 11TH, NOV 18TH & NOV 24TH & 25TH

Siletz Tribal Vocational Rehabilitation Program

The Siletz Tribal Vocational Rehabilitation program (STVRP) is here to assist **members of any federally recognized Tribe** (living within the Siletz Tribes service area) with overcoming impediments to employment. We work with a diverse population of individuals who have disabilities ranging from cognitive impairments to physical limitations.

If you have a documented disability that creates limitations or prevents you from doing the work you desire or are qualified for we would like to assist you. We can assist with obtaining and maintaining employment and developing skills. We focus on motivation, identifying your abilities, skills that lead to successful employment and the development of self advocacy.

You should have a strong desire to work and be willing to work collaboratively with STVRP staff to provide you with the services needed to overcome your disability. Your personal goal should be self sufficiency and to live a healthy sustainable lifestyle.

The STVRP also assists transitioning students with disabilities. The ideal age for a student to start working with VR is two to three years before graduation, until the age 22, or graduated from high school. Our program can provide vocational guidance and counseling; assist with identification of employment goals; employment retention; and advocacy within the academic environment. Students with a documented disability or who are on an "Individualized Education Plan-IEP" or on a "504 Plan" are encouraged to participate in the STVRP. Examples of **SERVICES PROVIDED** by STVRP:

- Guidance and Counseling
- Referral to Services
- Employment Services
- Portfolio Building, Resume Writing, Interviewing Techniques, Job Coaching
- Culturally Relevant Individualized Services
- Evaluations and Assessments
- Training Placement Opportunities
- Adaptive Equipment

For more information about the STVRP, please inquire at 1-800-922-1399. We also maintain resource and employment boards so please stop by if you're interested. You can speak to any of the VR staff: **In Salem Office** - Dana Rodriguez (Program Aide); Angie Butler (Program Director).

Want help getting a job? Do you have a diagnosed disability (IEP or 504)?

You could be eligible for STVRP services.

Steps in working with Siletz Tribal Vocational Rehabilitation Program:

Step 1: Establish contact with the STVRP Counselor assigned to your school and schedule a meeting. Your first meeting with a STVRP Counselor will be to gather information about you, your needs, and to discuss whether the STVRP fits for you.

If the program is for you.....

Step 2: Sign an application and a STVRP Counselor will determine whether or not you're eligible for services by talking with you about your needs, your disability, and what barriers you have as a result. They may also need to do some additional testing and will read through your school records.

Step 3: Once you're eligible, you'll meet with your STVRP Counselor to discuss your goals and plans for employment.

STVRP Counselors can provide guidance and counseling to students who need help determining their goals or plan for what they want after high school.

Step 4: You'll also work with your STVRP Counselor to discuss the impact of your barriers as you work to reach your employment goals and determine what services are necessary to help you reach your goals.
