Every month, the Siletz Tribal Change Team hosts a community talking circle for the American Indian Lesbian, Gay, Bisexual, Transgendered, Queer (LGBTQ), Two-Spirit community and its allies. The goal of the Talking Circle is to create a safe and confidential space for the community to discuss the struggles, triumphs and concerns of the LGBTQ Two-Spirit Community. This is also a place for friends and family to receive advice, support, and education as they continue their journey as an ally.

The Siletz Tribal Change Team works to improve the services utilized by the LGBTQ and Two-Spirit community. The team works to create awareness, provide education/resources and change the culture of the Native community to be more accepting of its LGBTQ and Two-Spirit individuals.

The Talking Circle is held on the second Wednesday of each month from 5:00-7:00pm

The real eggs are a big hit with our clients and also the whole wheat tortillas are moving fast. I made these burritos at the Siletz warehouse and all of it was made from commodity products, except the spices.

BEEF AND BEAN BURRITOS

Ingredients:	24 oz. canned beef (drained & rinsed)*	10 tortillas*	1 chopped onion *
	2 (15oz.) cans black beans (drained) *	1 can tomato sauce*	1 clove garlic, minced
	1 tbsp. Cajun seasoning	1 c. shredded cheese *	½ tsp. salt & pepper to taste
	1 sliced green bell pepper*	Instant mashed potatoes (to thicken)*	

Preparation: Wrap tortillas in foil and warm in oven at 350 degrees for 15 minutes. Meanwhile, cook beef, onion and garlic and green pepper and black beans in a skillet until browned. Stir in tomato sauce, Cajun seasoning and salt. Cook 3 minutes over medium heat. Remove from heat and thicken the mixture with instant potato flakes, adding just a little at a time until it is the desired consistency. Spoon 1/2 cup beef mixture into center of each tortilla. Top with cheddar cheese. Tuck two sides over filling and then roll up. Heat a skillet over medium high heat with a little vegetable oil. Fry the burritos until crispy. Recipe makes up to 10 burritos.

Siletz Tribal Youth Helmet Program

Tribal members and their dependents between the ages of 3 and 17 years of age are eligible to receive bicycle and skateboard helmets. Please call Cecilia at the Area Office to schedule an appointment time.

Flu Shot Clinic

Call today to reserve your flu shot. We will notify you once our inventory of flu shots arrive.

Why Is Bicycle Safety So Important?

Bike riding is a lot of fun, but accidents happen. The safest way to use your bike is for transportation, not play. Every year, about 300,000 kids go to the emergency department because of bike injuries, and at least 10,000 kids have injuries that require a few days in the hospital. Some of these injuries are so serious that children die, usually from head injuries.

A head injury can mean brain injury. That's why it's so important to **wear your bike helmet**. Wearing one doesn't mean you can be reckless, but a helmet will provide some protection for your face, head, and brain in case you fall down.

A Helmet How-To

Bike helmets are so important that the U.S. government has created safety standards for them. Your helmet should have a sticker that says it meets standards set by the Consumer Product Safety Commission (CPSC). If your helmet doesn't have a CPSC sticker, ask your mom or dad to get you one that does. Wear a bike helmet **EVERY TIME YOU RIDE**, even if you are going for a short ride.

Your bike helmet should fit you properly. You don't want it too small or too big. Never wear a hat under your bike helmet. If you're unsure if your helmet fits you well, ask someone at a bike store.

Once you have the right helmet, you need to wear it the right way so it will protect you. It should be worn level and cover your forehead. Don't tip it back so your forehead is showing. **The straps should always be fastened**. If the straps are flying, it's likely to fall off your head when you need it most. Make sure the straps are adjusted so they're snug enough that you can't pull or twist the helmet around on your head.

Take care of your bike helmet and don't throw it around. That could damage the helmet and it won't protect you as well when you really need it. If you do fall down and put your helmet to the test, be sure to get a new one. They don't work as well after a major crash.

Many bike helmets today are lightweight and come in cool colors. If you don't love yours as it is, personalize it with some of your favorite stickers. Reflective stickers are a great choice because they look cool and make you more visible to people driving cars.

HIGHER EDUCATION/ADULT VOCATIONAL TRAINING PROGRAM

The Tribal Higher Education Program operates on a one-time per person application deadline. The deadline for Fall Term was June 30, 2016. If you missed that deadline, the next funding cycle is for Fall Term 2017 and the deadline is June 30, 2017. **To be eligible to receive Tribal Education Funding you will have to complete your FAFSA by January 31, 2017.**

2 Major FAFSA® Changes You Need to Be Aware Of

There are two exciting changes coming to the *Free Application for Federal Student Aid* (FAFSA®) process this year.

The 2017–18 FAFSA will be available earlier.

You can file your 2017–18 FAFSA as early as Oct. 1, 2016, rather than beginning on Jan. 1, 2017. The earlier submission date will be a permanent change, enabling you to complete and submit a FAFSA as early as October 1 every year.

You'll use earlier income and tax information.

Beginning with the 2017–18 FAFSA, you'll be required to report income and tax info from an earlier tax year. For example, on the 2017–18 FAFSA, you—and your parent(s), as appropriate—will report your 2015 income and tax info, rather than your 2016 income and tax info.

We understand that some families' income may have changed significantly since the 2015 tax year. If this is the case for you, you must complete the FAFSA with the info it asks for (2015). Then, after filing your FAFSA, contact the financial aid office at your school to explain your situation. The school has the ability to assess your situation and make adjustments to your FAFSA.

A big thanks to Cecilia Tolentino for joining us on home visits in September and demonstrating how to make baby food and smoothies with our Home Visiting families. It was a lot of fun and very practical!

Mark your calendar for our next Home Visiting Family night! On October 13th from 4:30 – 8:00 Home Visiting families will gather to make infant or toddler moccasins at the Salem Area Office. We'll provide dinner, moccasin supplies and great instructors, Norma Trefren and Sonya Moody-Jurado. Hope you can join us for this fun evening. Please contact Lori Christy if you will be attending or have any questions.

Something new for families participating in our Home Visiting program is a monthly gathering. These gatherings are an opportunity for families to get together for some simple activities and conversation. If you would like more information about how to take part in these gatherings please contact Lori Christy.

Our home visiting program provides parenting and life skills for successful and positive parenting. We serve native families that are either expecting or have infants under the age of twelve months, continuing through the child's third birthday. The model and curriculum we provide is called Family Spirit and was developed by the John Hopkins Center for American Indian Health. Family Spirit is Evidence based and culturally sensitive to native families. Parents gain knowledge and skills for their developing infant through 36 months of age. We also focus on goals and healthy living for parents as a support system for the family as a whole.

Siletz Tribal Vocational Rehabilitation Program

The Siletz Tribal Vocational Rehabilitation program (STVRP) is here to assist **members of any federally recognized Tribe** (living within the Siletz Tribes service area) with overcoming impediments to employment. We work with a diverse population of individuals who have disabilities ranging from cognitive impairments to physical limitations.

If you have a documented disability that creates limitations or prevents you from doing the work you desire or are qualified for we would like to assist you. We can assist with obtaining and maintaining employment and developing skills. We focus on motivation, identifying your abilities, skills that lead to successful employment and the development of self advocacy.

You should have a strong desire to work and be willing to work collaboratively with STVRP staff to provide you with the services needed to overcome your disability. Your personal goal should be self sufficiency and to live a healthy sustainable lifestyle.

The STVRP also assists transitioning students with disabilities. The ideal age for a student to start working with VR is two to three years before graduation, until the age 22, or graduated from high school. Our program can provide vocational guidance and counseling; assist with identification of employment goals; employment retention; and advocacy within the academic environment. Students with a documented disability or who are on an "Individualized Education Plan-IEP" or on a "504 Plan" are encouraged to participate in the STVRP. Examples of SERVICES PROVIDED by STVRP:

- Guidance and Counseling
- Referral to Services
- Employment Services
- Portfolio Building, Resume Writing, Interviewing Techniques, Job Coaching
- Culturally Relevant Individualized Services
- Evaluations and Assessments
- Training Placement Opportunities
- Adaptive Equipment

For more information about the STVRP, please inquire at 1-800-922-1399. We also maintain resource and employment boards so please stop by if you're interested. You can speak to any of the VR staff: **In Salem Office** - Dana Rodriguez (Program Aide); Angie Butler (Program Director).

Want help getting a job? Do you have a diagnosed disability (IEP or 504)?

You could be eligible for STVRP services.

Steps in working with Siletz Tribal Vocational Rehabilitation Program:

Step 1: Establish contact with the STVRP Counselor assigned to your school and schedule a meeting. Your first meeting with a STVRP Counselor will be to gather information about you, your needs, and to discuss whether the STVRP fits for you.

If the program is for you.....

Step 2: Sign an application and a STVRP Counselor will determine whether or not you're eligible for services by talking with you about your needs, your disability, and what barriers you have as a result. They may also need to do some additional testing and will read through your school records.

Step 3: Once you're eligible, you'll meet with your STVRP Counselor to discuss your goals and plans for employment.

STVRP Counselors can provide guidance and counseling to students who need help determining their goals or plan for what they want after high school.

Step 4: You'll also work with your STVRP Counselor to discuss the impact of your barriers as you work to reach your employment goals and determine what services are necessary to help you reach your goals.
