### Information for Veterans

- A veteran or a family member whose veteran is enrolled in the VA only has 72 hours to report a non-emergency room hospital visit so as not to get billed. There is a new program for veterans called Veterans Appeal Improvement Modernization Act – for those veterans who have been waiting too long for their appeal to be addressed.
- For veterans who are enrolled into the VA system – you can also apply to join My Healthy Vet to have access to your local VA doctor, prescriptions, etc.
- Also, some veterans have joined the EBenefits log-on application to try and do their VA needs online, but first you must be eligible to apply for VA benefits. I'm here to help you in that VA enrollment process.

The VA can be a very complex program and very trying to one's patience – and I have experienced certain road blocks. So please give me a call and I will do everything within my means to make sure you can enroll in the VA system.
