## Announcements & News

**Wood Cut** The Wood cut clearing project on the Chemawa property was completed on April 27th. The wood cut went very well with many families being able to participate and get wood for their homes. We were happy to host this opportunity through the Tribes Forestry Department & the efforts of Mike Kennedy.

**Wax Flowers!** If you are interested in learning how to make traditional wax flowers, or would like to participate in assisting with a wreath to present on Memorial Day Please contact us to let us know. We will hold a group beginning Tuesday, May 9th. Contact Sonya at 503-390-9494 for additional information.

**Memorial Day Ceremony** The Confederated Tribes of Siletz Indians 2019 Memorial Day Ceremony will be held May 27, 2019 on Government Hill in Siletz, Oregon. Following the ceremony a lunch will be served at noon, at the Tribal community center. Lunch is provided by the Cultural Heritage Committee.

## Volunteers Are Still Needed!

The Natural Resources Department is still in need of Volunteers willing to cut tribal firewood for Elders in our community. Natural Resources will be keeping a list of volunteers willing to cut wood as well as a list of our tribal members who are in need of assistance. This is a great opportunity to do something really rewarding by volunteering your time and energy. Please contact Denise Garrett or Mike Kennedy at 1-800-922-1399 Staff can then pair up volunteer cutters with Elders in need. This is a Volunteer activity, no one will be paid to perform this service and Elders cannot be charged to receive the firewood. A tribal firewood permit for the Elder in need is required and would be issued by the Natural Resources

Heather Quiring and sons Aaron Quiring and Erik Hochstetler Jr

Congratulations to Heather Quiring for graduating from the Siletz Home Visiting Program. Heather entered the program in July of 2016 when her son Erik was just a few months old and continued until this April when Erik turned 3 years old. While in the program Heather had much going on in her life and accomplished important milestones from graduation, obtaining a certificate, license and employment. Through it all she stuck with the program learning and growing as a parent. She found the program very helpful and commented "It was nice to know someone was there if I needed help, or to get some advice. While I did a lot on my own, having support was very good for me." Congratulations Heather!

**Are you expecting a baby?**

**Do you have a baby under the age of one?**

**Do you have questions about how to care for your little one?**

**Are you interested in gaining skills for successful and positive parenting?**

If you answered yes to any of the above questions, check out our Home Visiting program. Our program provides parenting and life skills for successful and positive parenting. For more information or to find out if this program is right for you contact Lori Christy Home Visitor at 503-390-9494.

## Behavioral Health

### **Spring has arrived:**

The saying is, April showers bring May flowers. We experienced snow late into March, and cold stormy weather in April. As Oregonians, we know we're in for more rain, but here's hope that the flowers will be spectacular. Now is the time to tackle projects that were set aside for the thaw, like doing the bathroom remodel or making that quilt for your loved one you've been meaning to make.

### **Activities for personal mental growth:**

- 1) Start writing in a journal about your daily struggles and accomplishments. It is a useful tool to see where you are in life, and where you want to go next.
- 2) Do five minutes of mindfulness each day, focusing on living in the present moment.
- 3) Stand in front of a mirror, posed like a super-hero, for three minutes. Great thing to do before an interview to build confidence. (It really works!)

### **Growing your family connection:**

- 1) Eat a meal with the whole family at least twice a week, if possible. Don't turn on electronics, but instead check in with each family member; ask, what was one low for the day, and one high.

- 2) Create a new family tradition; go to a restaurant once a week, go on the same hike once a week, play the same board game once a week. New traditions are a great way to build bonds.
- 3) Try and do more as a family together; clean the dishes together, straighten the living room together, make dinner together. Each family member will feel like they play an important role in the family.

### **Traditional Growing**

For the people of the Siletz tribe, spring is a good time to rekindle the family's passion. Go to powwows together, participate in feather dances, go clamming together. Talking circles, sweat lodges and smudging are all traditional medicines that the Siletz people have found quite powerful throughout time. Now is the perfect time to check in with the Behavior Health Department to see about upcoming rafting experiences!

# PEER RECOVERY MENTOR

Andrew Eddings

541-270-9717 (cell)

The Peer Recovery Mentor assists A/D and Mental Health clients getting service through the Siletz Tribe. Assistance includes, but is not limited to: Meeting individuals where they are about to discover opportunities which may change their lives; working with individuals to identify any barriers to recovery they may have and develop a working plan to overcome these barriers; outreach services obtaining A&D assessment and referrals for medically assisted substance treatment, residential substance treatment, outpatient substance treatment services; act as liaison to other CTSI programs – SSP, Vocational-Rehab, Education, medical and cultural programs; walk with individuals through Legal and DHS providing moral support; assist in locating recovery based housing; attending self-help meetings with individuals and groups; assist in getting a sponsor; and integrating individuals into a positive peer recovery community.

I am available to meet with individuals who are incarcerated and will soon be released.

Siletz Care Program

Advocate: Kim Lane                      kiml@ctsi.nsn.us

Outreach: Kira Woosley              kira@ctsi.nsn.us

TOLL FREE NUMBER: 1-800-648-0449

The CARE Program offers Confidential safe and culturally appropriate education and advocacy services to Native American victim's of domestic violence, sexual assault, dating violence and stalking , as well as victims with Native families such as a non-native spouse.

An advocate is available to provide assistance to access services, including personal protective orders, shelter or housing, tribal program information and other program resources.

It is the Siletz Care Program mission to educate and empower our community to live a healthy non-violent lifestyle that strengthen spirit for future generations.

**Please join the Institute for Applied Ecology, Alliance for Recreation and Natural Areas, Confederated Tribes of Siletz Indians and the U.S. Forest Service on May 18<sup>th</sup> at the Marys Peak summit for our annual conifer sapling pull. This is a great opportunity to see one of Oregon's most spectacular sites, meet new friends and help preserve a truly unique ecosystem. Mid-elevation prairies are continually threatened by conifer encroachment and invasive non-native species. Removing these species is critical for the preservation and maintenance of this special place.**

**This is a rain or shine event, so dress accordingly.**

- **When:** May 18th from 10:00am – 2:00pm
- **Where:** Marys Peak summit parking lot
- **Work to be completed:** We will be removing conifer saplings and weeds from the Marys Peak summit prairie and surrounding meadows

Please remember to wear appropriate clothes (multiple layers, rain gear, etc.) and shoes (boots, rain boots, etc.). Marys Peak weather conditions may be considerably different than Corvallis weather conditions, so plan accordingly. **Bring plenty of water and snacks.**

No special skills are required for this work. Event hosts will help identify plants that are going to be removed. Hand tools and gloves will be provided (but you may want to bring your own gloves to ensure you have some that fit). We will be walking to the summit and through the meadows, so there will be some incline and potentially rough terrain.

**Please RSVP to Andrew Esterson at [andrew@appliedeco.org](mailto:andrew@appliedeco.org) by May 17th.**

It is important to RSVP so we can bring sufficient tools for the day.

# Alzheimer's and Dementia

According to the National Institute on Aging, **Alzheimer's Disease (AD)** is an irreversible, progressive brain disorder that slowly destroys memory and thinking skills, and eventually the ability to carry out the simplest tasks. In most people with Alzheimer's, symptoms first appear in their mid-60s.

**Alzheimer's is the most common cause of Dementia** among older adults. **Dementia** is the loss of cognitive functioning—thinking, remembering, and reasoning—and behavioral abilities to such an extent that it interferes with a person's daily life and activities. Dementia ranges in severity from the mildest stage, when it is just beginning to affect a person's functioning, to the most severe stage, when the person must depend completely on others for basic activities of daily living.

**Signs and Symptoms:** Memory problems are typically one of the first signs of cognitive impairment related to Alzheimer's disease. The first symptoms of Alzheimer's vary from person to person. For many, decline in non-memory aspects of cognition, such as word-finding, vision/spatial issues, and impaired reasoning or judgment, may signal the very early stages of Alzheimer's disease.

**Mild Alzheimer's Disease:** As Alzheimer's disease progresses, people experience greater memory loss and other cognitive difficulties. Problems can include wandering and getting lost, trouble handling money and paying bills, repeating questions, taking longer to complete normal daily tasks, and personality and behavior changes. People are often diagnosed in this stage.

**Moderate Alzheimer's Disease:** In this stage, damage occurs in areas of the brain that control language, reasoning, sensory processing, and conscious thought. Memory loss and confusion grow worse, and people begin to have problems recognizing family and friends. They may be unable to learn new things, carry out multistep tasks such as getting dressed, or cope with new situations. In addition, people at this stage may have hallucinations, delusions, and paranoia and may behave impulsively.

**Severe Alzheimer's Disease:** Ultimately, plaques and tangles spread throughout the brain, and brain tissue shrinks significantly. People with severe Alzheimer's cannot communicate and are completely dependent on others for their care. Near the end, the person may be in bed most or all of the time as the body shuts down.

**What Causes Alzheimer's?** Scientists don't yet fully understand what causes Alzheimer's disease in most people. There is a genetic component to some cases of early-onset Alzheimer's disease. Late-onset Alzheimer's arises from a complex series of brain changes that occur over decades. The causes probably include a combination of genetic, environmental, and lifestyle factors. The importance of any one of these factors in increasing or decreasing the risk of developing Alzheimer's may differ from person to person.

You can find this information and more at the National Institute and Aging website:

FOR IMMEDIATE RELEASE

## **Portland Street Art Alliance Receives Oregon Community Foundation Creative Heights Grant to Seed a Mural District in the Central Eastside**

Portland Street Art Alliance launches new district-wide arts initiative to promote inclusive engagement and access to public art-making in the city.

Photo Credit: Tiffany Conklin

*March 3, 2019 (Portland, OR) - The Portland Street Art Alliance secured a competitive Oregon Community Foundation (OCF) Creative Heights grant to seed a new mural arts district in Portland's Central Eastside Industrial District (CEID). For the fifth consecutive year, Creative Heights has funded innovative and impactful projects that take artist and arts organizations to new heights.*

Founded in 2012 as a 501(c)(3) non-profit, the *Portland Street Art Alliance (PSAA)* has managed over 40 commissioned and publicly funded projects across Portland. PSAA builds a community of street artists, documents the history of Portland street art, and advocates for artists and for greater inclusion and equity among art programs. PSAA's mission is to cultivate a more democratic culture of artistic expression by activating public spaces and broadening perspectives to build a more engaged and diverse city.

The *Central Eastside Industrial District* (CEID) is a historic and unique industrial sanctuary. It has been a hub of exchange for over a century – home to the manufacturers, merchants, and makers who built, fed and creatively engaged this city for over 150 years. This is all quickly changing - old warehouses are being renovated or torn down, and new developments going up. As a result, CEID is losing many of its historically accessible spaces for artists and grassroots creatives.

The goal of ***Viaduct Arts*** is to promote more inclusive engagement and access to public art-making.

This new district-wide ***Viaduct Arts*** initiative will begin by painting murals along the 5-block section beneath the Morrison Bridge viaduct in Summer 2019, expanding to beneath the Hawthorne Bridge and along SE 2<sup>nd</sup> and 3<sup>rd</sup> Avenues in future years.

***Viaduct Arts*** will not only contribute to the overall vibrancy of CEID, but also to the creative capital in all of Oregon by including and compensating artists from every corner of the state with a focus on those who are underserved. Central to the success of this project is providing and preserving equitable access for artists across Oregon to push their creative limits and make their voices heard in urban public spaces. The grant provides funding for ongoing graffiti art production walls as well as mentorship opportunities for Oregon-based artists from underrepresented communities (BIPOC+, LGBTQ, Women, Disabled, Low SES, Tribal, Farmworker, etc.). The OCF grant provides funding to support artists for their time and supplies, and for visiting artists, their travel and lodging as well.

A statewide open call to artists will be announced in spring 2019.

***Viaduct Arts*** is supported by several community partners including the *Central Eastside Industrial Council*, the *City of Portland's Office of Community & Civic Life*, the *Regional Arts & Culture Council*, local businesses, property owners, and numerous regional art collectives. *Viaduct Arts* aligns with several municipal and CEID goals including public placemaking, maintaining accessible spaces for local art, façade upgrades, and increasing public safety. PSAA will be networking with local property and business owners to secure additional financial support and walls for murals.

If you own a property in the Central Eastside Industrial District and would like to donate your wall, or want to volunteer to assist PSAA with this community project, please send an email to [info@pdxstreetart.org](mailto:info@pdxstreetart.org).
