FEMA

JAN 2 9 2020

The Honorable Delores Pigsley
Chairman of Siletz Tribal Council
P.O. Box 549
Siletz, Oregon 97380

Dear Chairman, Pigsley:

Congratulations, on January 24, 2020, the United States Department of Homeland Security's Federal Emergency Management Agency (FEMA) Region X approved the Confederated Tribes of Siletz Indians (CTSI) Multiple Hazard Mitigation Plan as a Tribal Mitigation Plan, in accordance with the Code of Federal Regulations Title 44 Part 201.

An approval provides the Confederated Tribes of Siletz Indians with eligibility to apply directly with FEMA for Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) programs, i.e., Pre-Disaster Mitigation project grants, Public Assistance (Categories C-G), Fire Management Assistance and Hazard Mitigation Grant Program (HMGP) projects through January 23, 2025. Recipients are required to develop and maintain hazard mitigation plans compliant with FEMA standards as a condition for receiving funds. To continue eligibility, within five years from date of this letter, tribes must review, revise as appropriate and re-submit plans for approval. For further assistance on hazard mitigation planning, please contact our Regional Mitigation Planning Program Manager, John Schelling, at (425) 487-2104.

FEMA evaluates applications for funding according to the specific requirements of the applicable program. A mitigation action identified in the plan may, or may not, meet a program's eligibility requirements. For assistance with hazard mitigation grant funding, please contact: FEMA-R10- HMA@fema.dhs.gov.

We look forward to continuing a productive relationship between FEMA Region X and the Confederated Tribes of Siletz Indians. Our Regional Tribal Liaison Ramona VanCleve, at 907-271-4302, is available to facilitate this relationship and delivery of our programs. You are also welcome to contact me directly, at (202) 856-1901

Sincerely,

Michael F. O'Hare
Regional Administrator
