

## **SILETZ TRIBE COORDINATED PLAN**

In January 2021, the Confederated Tribes of Siletz Indians (CTSI) updated its Coordinated Human Services – Public Transportation Plan. The Coordinated Plan focuses Tribal and regional resources on ensuring that public transportation efficiently and effectively gets people to important destinations, such as jobs and medical appointments. A summary of strategies from this planning effort are listed below. The entire 2021 Coordinated Plan can be referenced in Appendix C.

### **Summary of Strategies**

1. As the highest priority, seek funding to sustain existing levels of Tribal transportation service. As funding becomes available and where feasible, expand existing Tribal transportation services to ensure that effective and cost-efficient public transportation services are available to all Tribal members both within and outside of the Tribe's service area.
2. Evaluate the long-term effectiveness of Tribal STF vehicles for continued use and/or potential replacement.
3. Ensure convenient access to services for Tribal Elders, Veterans, disabled persons, and low-income persons as the highest priority for Tribal public transportation services.
4. Expand efforts to inform Tribal members of available Tribal and public transportation services and develop and utilize technology tools to identify the transportation needs of Tribal members.
5. Develop and implement a volunteer driver program.
6. Ensure that Tribal transportation services are prepared to assist in emergency management.
7. Continue to pursue opportunities for regional collaboration and expansion of the regional transportation system.
